ACADEMIC SCHOLARSHIP APPLICATION

To support the achievement of academic excellence, the Delphi Foundation of Delta Lambda Phi Fraternity has established an educational fund to award merit-based academic scholarships to members of Delta Lambda Phi National Social Fraternity on the basis of academics, leadership, and service.

The Delphi Foundation was formed for the purpose of serving as the “charitable arm” of Delta Lambda Phi Fraternity, to serve such educational, charitable, and philanthropic purposes that shall qualify under IRS rules as charitable activities, including educational scholarships.

ELIGIBILITY

Applicants must be an active member or neophyte of a chapter or colony of Delta Lambda Phi Fraternity, or an alumnus thereof, in good-standing. Applicants must be enrolled or accepted for enrollment in a post-secondary educational program at an accredited college or university (undergraduate or graduate level), accredited trade, or technical school. Brothers in any accredited post-graduate course of study are encouraged to apply, including, but not limited to, law school, medical school, graduate school, or seminary. Recipients of past year(s) scholarships are eligible to re-apply.

The scholarship is a competitive award to recognize academic excellence, leadership, service, or campus involvement. Applicants shall have a college grade point average (GPA) of 2.5 or better (on a scale of 4), cumulative or in the immediate past 4 semesters showing improvement if cumulative GPA is less than 2.5, or high school GPA of 2.5 or better for freshmen.

SELECTION PROCESS

A scholarship selection committee will review all applications with each member independently ranking each application. The committee then meets to discuss the ranking to make a final award determination. The committee may select finalists for a follow-up interview conducted by phone. All awardees will be notified of an award at or after the Delta Lambda Phi National Convention; approximately eight to ten (8-10) weeks after the application review process is completed.

Criteria for judging applications may include, but is not limited to: Applicant's contributions as a member, leader, role model, mentor, colleague, or advisor in $\Delta\Lambda\Phi$; Service to campus; Service to community; or Academic standing. The scholarship will be awarded without regard to race, national origin, sexual orientation, or any other discriminating factor not disclosed herein.

ADMINISTRATION OF AWARD

Terms of the award: For the academic year (August to June) covered, the scholarship will be provided in a lump sum to the recipient to be applied toward tuition, fees, books, supplies, lab fees, or dissertation expenses. The Scholarship will be valid only for the year it is awarded. Since the scholarship fund is not currently based on endowment funding, the number and amount of awards may vary from year to year based on funding availability.
